

LOGIC MODEL FOR 2023 HOME DELIVERED MEALS

<u>INPUTS</u>	<u>OUTPUTS</u>	<u>OUTCOMES</u>
Staff includes Director of Nutrition, HDM Coordinator, 5 Meal Site Managers, 7 part-time kitchen assistants, and 6 part-time drivers.	We served 550 Senior Adults.	Clients received 1/3 RDA (Recommended Daily Allowance) meals to meet their nutritional needs and maintain independence.
ASLS has a volunteer base of over 150 members of the community to assist with this program.	We provided 108,064 meals in the calendar year of 2023.	Having all of our volunteers allows SLS to provide more meals at a lower cost because ASLS can use a minimal number of paid staff for this service.
The contract that Lower Savannah Council of Governments (LSCOG) has with Senior Catering out of Orangeburg, SC provides hot and frozen meals.	The hot meals are delivered daily while the frozen meals are delivered on a weekly basis.	The addition of the frozen meals allows ASLS to serve clients who are in the rural areas where it is not possible to safely provide a hot meal daily.
Meals are distributed out of 5 facilities throughout Aiken County: Aiken, Gloverville, Jakson, Wagener, and North Augusta.	This provides easy access for our volunteers and staff easy access to the clients living throughout Aiken County. Assuring that the meals are served at a safe temperature.
